

# **Heated Blanket CXT®**

## - CB100DB

12V max • 70 x 140 cm

#### **Battery-powered heated blanket**

The battery-powered thermal blanket heats up quickly and is easy to attach either to the shoulders or to the waist. Pressing the power switch for a few seconds turns the power on and off. The blanket has three temperature settings and a pocket for the battery adapter. The blanket is machine washable, and be sure to remove the battery adapter before washing. Battery and charger not included.
