TECHNICAL

SPECIFICATIONS

Diameter (D)	32 mm
Overall Length	77 mm
Working Length	77 mm
Shank size	8,0 mm
Quantity	1 pc

USER BENEFITS

- Brad point centering tip: A small, sharp point at the center of the bit helps with precise positioning and a clean entry point.
- TCT cutters: Two Tungsten Carbide Tipped cutters provide durability and a longer life for the bit.
- External scribing cutters: Two external cutters ensure that the holes are clean and have minimal tear-out.
- Smooth, flat bottom: The design creates a flat-bottomed hole, which is ideal for mounting European-style hinges.
- Applications: Suitable for drilling in laminated MDF, chipboard, hardwood, and other wood-based materials.
