USER BENEFITS

- Powerful cordless impact drill with carbon brushless motor, torque 70/36 Nm. Drilling stone materials is possible with the impact function.
- Strong torque even in second gear thanks to the slightly reduced rpm. For screwdriving use, the machine has a 21-position torque control, values can be set between 1.0-5.0Nm.
- The Makita XPT system effectively protects the machine against dust and water.
- The powerful double LED illuminates the work site efficiently. The work light also has a delay, when the light comes on for another 10 seconds after the operating switch is released.
- The all-metal quick-release chuck withstands heavy use. A side handle is available as an accessory, so it is also suitable as an ice auger.
- LED light illuminates the work site
- Battery protection system automatically shuts off power when the battery level is low
