

Inflator LXT®

DMP181

18V • 1,110 kPa • 161 PSI

Cordless inflator ideal for inflating large tyres including trucks, tractors, cars and bicycles

DMP181 is a handy inflator, that has been highly wished for. It's no wonder, as it can reach a max air pressure of 1,110 kPa and an air discharge amount of 22L/min - cordlessly. It comes with various adapters, so filling large tyres, sport balls and beach toys, is very easy. The inflator has many convenient features. A desired air pressure can be set and once it has been reached, the machine automatically stops. It also has a thermostat preventing it from overheating. Standard Equipment: - British Adapter - French Adapter - Ball Adapter - Swim Ring Adapter
