

Cordless Multi Tool LXT®

DTM53Z

18V LXT • BL • XPT

Cordless multi tool powered by an 18V LXT® Li-Ion battery.

DTM53 is a cordless multi tool powered by an 18V LXT Li-Ion battery and designed to be compatible with OIS accessories. It delivers high work efficiency with its brushless motor and offers excellent maneuverability thanks to its slim grip design. DTM53Z is supplied without battery, charger and carry case.

TECHNICAL

Circumference of Grip Portion	139 mm
Dimensions (LxWxH)	329 x 80 x 120 mm (with BL1860B)
Battery	BL1860B
Net Weight	1.32 kg (without battery)

USER BENEFITS

- **Brushless Motor:** Adopting a BL motor provides higher work efficiency and better performance under load.
- **Accessory Compatibility:** Designed to be compatible with Oscillating Interface System (OIS) and STARLOCK accessories.
- **Tool-Less Clamp System:** Features a lever-style lock system for quick and easy accessory installation without additional tools.
- **Variable Speed Control:** A dial allows users to match the oscillation speed to the specific application.
- **Safety & Comfort:** Includes an anti-restart function to prevent accidental start-up, a soft start feature, and a small-diameter barrel grip for improved handling.
- **Adjustability:** Accessories can be installed at 12 different angle settings (every 30° from 0° to 360°) for versatile positioning.
- **Weight:** Net 1.32kg (without battery).
