

Combination Hammer XGT®

HR003G

40V max • SDS-Plus • 28 mm • 3,2 J

Powerful three-action combination hammer with vibration damping

Efficient combination hammer HR003G delivers high power for professional work. The tool is lightweight and the tool balance is redesigned for increased operability. HR003G is equipped with Anti vibration technology (AVT). The machine can also be connected to the DX12 dust extractor system. Tool only, battery and charger not included.

USER BENEFITS

- AVT (Anti-Vibration Technology) ensures extra-low vibration performance
- Battery protection circuit protects against overloading, over-discharging and over-heating
- Constant speed control automatically applies additional power to the motor to maintain speed under load to complete the most challenging jobs
- Impact drilling, non-impact drilling and spike function
- Low power consumption thanks to brushless motor
- XPT (Extreme Protection Technology) is engineered for improved dust and water resistance for operation in harsh job site conditions
