USER BENEFITS

- Power Supply: Cordless, part of the Makita 40V XGT Li-Ion battery system.
- Motor: Features a brushless motor for efficiency, longer run times, and reduced maintenance.
- Blade Diameter: Uses a substantial 415 mm (16-5/16") blade.
- Cutting Capacity: Offers a maximum cutting depth of 158 mm (approx. 6 inches) at 90° and 106 mm at 45°, allowing single-pass cuts through large timbers and beams.
- Speed: No-load speed of 2,100 RPM.
- Safety Features: Includes an electric brake for rapid blade stopping, a soft start function to suppress start-up reaction, and an anti-restart function for safety after a power interruption.
- Dust Management: Equipped with the Auto-Start Wireless System (AWS), which uses Bluetooth to connect with compatible dust extractors, automatically turning them on/off with the saw.
- Durability: Features Makita's eXtreme Protection Technology (XPT) for enhanced dust and moisture resistance.
- Weight: Product net weight is 10.5 kg (without battery).
