

Lawn Mower XGT ®

- LM002G

2 x 40V max • 53 cm • 70 L

The LM002G has a 534mm cutting width and can achieve up to 2,500m² on self-propelled mode with 2 x 8.0Ah XGT batteries.

This model features three different cutting modes as well as a mowing height adjusting lever. LM002G also features two battery terminals for increased runtime. However, it will operate on a single 40V MAX XGT Li-Ion battery as the batteries are used in parallel for longer run time of the mower.
