USER BENEFITS

- Enhances Magnetic Strength by up to 17x Boosts the magnetism of standard 1/4" hex screw bits, helping screws stay firmly attached during fastening.
- Restores Lost Magnetism Revives tools affected by wear, heat, and jobsite conditions – saving time and tool replacement cost.
- Reduces Slipping & Dropping Provides a stronger hold on screws, reducing fastening errors and tool slippage.
- Compatible with Various Tools Can be attached to 1/4" hex bits (over 50mm), as well as manual tools like screwdrivers and hex wrenches.
- Compact & Lightweight Small enough to keep in your pocket or pouch; perfect for both jobsite and workshop use.
- Quick Attachment Easily slides onto compatible bits or tools without requiring any additional accessories.
- Improves Productivity Makes fastening more reliable and efficient, especially during overhead or repetitive work.
- Retail-Friendly Packaging Comes in attractive, display-ready packaging suitable for hardware counters and tool shops.
