

Blower XGT ® UB001GZ

40V MAX • 64 m/s • 16.0 m³/min

UB001G delivers the high output to tackle more demanding applications with ease.

A combination of a brushless motor and XGT system produces 64m/s of max air velocity, 16.0m³/min max air volume, and 17Nm blowing force, the user has enough power to tackle any job.

TECHNICAL

SPECIFICATIONS

Nominal Battery Voltage Voltage XGT

USER BENEFITS

- Max blowing force can be easily obtained by fully pulling the trigger (Boost mode)
- Compact and lightweight for single-handed operation
- Lock-on button operable from either side of the handle for continuous operation
- High power and less user fatigue
- The best choices for use in resorts, public places, and residential areas
