

# Cordless Backpack Blower

## UB002C

• 22.0 N • 19.0 m<sup>3</sup>/min • 78/45 min • 71.7m/sec

**High power similar to 53cc engine blowers delivers high blowing force of 22 N for heavy debris**

Powered by 36V high power drive system using the Makita Portable Power Pack PDC1200

## TECHNICAL

## SPECIFICATIONS

No load speed	0 - 22000 min <sup>-1</sup>
Max. Air Velocity	0-71.7 / 76.0 m/s
Air volume	0 - 17.9 / 19 m <sup>3</sup> /min
Sound Power Level (LWA)	95.5 dB(A)
Sound Pressure Level (LpA)	80.9 dB(A)
Noise Uncertainty (K Factor)	2.0 dB(A)
Vibration Level (3 axes)	? 2.5 m/s <sup>2</sup>
Vibration Uncertainty (K Factor)	1.5 m/s <sup>2</sup>
Tool weight with battery (EPTA)	15.9 - 16.1 kg
Product Dimensions (L x W x H):	1368 x 694 x 715 mm
Voltage LXT	Yes
Voltage XGT	Yes
Nominal Battery Voltage	36 V
Battery Chemistry (Ni-Cd / Ni-MH / Li-ion)	Li-ion
Continuous Use PDC1200	0 - 22 N
Brushless Motor	78 min
	Yes

## USER BENEFITS

- The Makita cordless backpack blower UB002C is designed to reduce user fatigue by transferring the weight of the battery and blower from the arms to the back, allowing for comfortable extended use.
- It operates at a low noise level thanks to a redesigned exhaust airflow path with sound-absorbing materials, making it suitable for noise-sensitive environments.
- Features a 3-stage telescopic long nozzle (End nozzle 82) to enhance reach and control for precise blowing tasks.
- Equipped with a variable speed control via a trigger and a cruise control lever that locks in the desired power level for consistent performance.
- The adjustable grip can be positioned forward/backward and left/right to suit different user sizes and postures, maximizing ergonomic comfort
- Battery protection system automatically shuts off power when the battery is low, protecting battery health and avoiding sudden downtime.
- Cordless backpack blower UB002C is powered by a brushless motor for reliable, efficient, and long-lasting performance.
- The lightweight and ergonomic design reduces strain and enhances ease of use during long work periods.
- Quiet operation minimizes noise pollution, making it ideal for residential and noise-sensitive areas.
- Compatible with Makita's LXT 18V and XGT 36V battery platforms, offering versatile and extended runtime options.
